The school does not provide accident insurance plans for students.

**Assessments:** Students at the Beacon Program will participate in statewide testing. Special Education comprehensive assessments will also be administered by the Beacon Program when individual teams agree it is necessary to gather the data.

**Attendance/Truancy:** The attendance policy will be in effect for this school year in accordance with all applicable state and federal statutes, regulations and the school board's policy. If a student is absent for any reason, the student's parent/guardian must verify the absence, regardless of the student's age, in accordance with the following procedure:

- Parent/guardian responsibility to call home district transportation prior to their student's scheduled time to be picked up. It is the responsibility of the parent/guardian to notify home district transportation of any changes; such as but not limited to address changes, student being picked up for an appointment...
- Parents/guardians are to call the school by 8:00 AM (320-356-2284) on days their child is absent. The school will attempt to contact parents whenever the student is absent from school and a parent/guardian has not already contacted the school.

#### Categories of Absences

All absences are either "excused" or "unexcused". A designated staff or the school principal has discretion to determine whether an absence is excused or unexcused. All students are expected to complete coursework missed due to absence.

Excused Absences: In order for an absence to qualify as "excused" it must fit into one or more of the following categories and be approved by designated staff:

1. Illness/injury: any absence due to a student's legitimate illness or injury is excused. The designated staff has the sole discretion to require a doctor's note verifying the need for the absence before designating any absence as excused due to illness/injury.
2. School Sponsored Activities: For purposes of the attendance policy, school sponsored activities are activities approved and sponsored by the school district including activities such as but not limited to field trips, service learning projects, or extra curricular activities. Student participation in these types of activities is a privilege, not a right. It is the responsibility of the student to check with his or her teachers regarding assigned work and completing it according to expectations.
3. Family Emergencies: For purposes of the attendance policy, family emergencies include serious, unavoidable events that require the student's absence from school. Examples of family emergencies include funerals for family members and visiting immediate family members (such as parents, grandparents, siblings) in the hospital.
4. Family Trips: Absences due to family trips may be excused if the student and parent meet all of the following requirements;
  - a. requests for absences due to family trips must be made at least 3 school days before the trip is to begin. The request must be signed by the student's parent/guardian, and include a brief description of the purpose of the trip (ie hunting trip, family vacation...)
  - b. The student must be passing all classes at the time of the request.

- c. Failure to meet one or more of these requirements will result in the absence for a family trip being classified as "unexcused".
  - d. Students may be entitled up to a total of 10 excused absences for family trips each year. In A review of the student's current and past attendance record will assist in determining approval or denial for granting family trip as "excused"
5. Dental, Medical or Court Ordered Appointments: Any absence due to a student's legitimate dental, medical, or court ordered appointment is excused; note from appointment is encouraged and will be required if truancy has been previously filed.
  6. Religion: Any absence due to a student's religious observance is excused; not to exceed 3 hours per week.
  7. Other Absences: Any absence not covered in categories 1-6 will be determined by the building principal as either excused or unexcused.

### Unexcused Absences

An "unexcused" absence occurs when the absence has not been identified as an "excused absence" according to above criteria. Discussions, group interaction, and class participation cannot be "made up" after an absence. When a student is absent, he or she may lose daily points and grades may be affected. Whenever a student receives an "unexcused absence," the guidelines of resident county truancy mediation program is followed.

### Continuing Truant

"Continuing Truant" refers to a child who is subject to the compulsory instruction requirements for section 120A.22 and is absent from instruction in a school, as defined in section 120A.05, without valid excuse within a single school year for three or more class periods on three days if the child is in middle school or high school. Upon a child's initial classification as a "continuing truant," the school attendance officer or other designated school official shall notify the child's parent or legal guardian, by first-class mail or other reasonable means, of the following:

1. That the child is truant;
2. That the parent or guardian should notify the school is there a valid excuse for the child's absences;
3. That the parent or the guardian is obligated to compel the attendance of the child at school pursuant to section 120A.22 and parents or guardians who fail to meet this obligation may be subject prosecution under section 120A.34;
4. That this notification serves as the notification required by section 120A.34;
5. That alternative education programs and services may be available in the district;
6. That the parent or guardian has the right to meet with appropriate school personnel the discuss solutions to the child's truancy;
7. That if the child continues to be truant, the parent and child may be subject to juvenile court proceedings under chapter 260C;
8. That if the child is subject to juvenile court proceedings, the child may be subject to suspension, restriction, or delay of the child's driving privilege pursuant to section 260C.201; and
9. That it is recommended that the parent or guardian accompany the child to school and attend classes with child for one day.

When students have 3 unexcused absences, the school will notify the County Attorney requesting a first letter be sent to the child and/or the child's parent(s). The County Attorney will send a letter to the child and/or the parent(s) and mail a copy of the letter to the school authority who sent the request.

## Habitual Truant

A "habitual truant" is a child under the age of 16 years who is absent from attendance at school without lawful excuse for one or more class periods on seven school days if the child is in middle or high school, or a child who is 16 or 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days and who has not lawfully withdrawn from school. A school district attendance officer shall refer a habitual truant and the child's parent or legal guardian to appropriate services and procedures, under chapter 260A. The school sends a letter to the County Attorney requesting mediation.

## Tardy

When a student is late to school, the student may lose privileges to "make up" the time; as determined by Beacon Staff. Patterns of being tardy will be addressed at IEP meetings. Students are not considered "late" when arriving on school transportation.

**Behavior Guidelines:** The Beacon Program has been established to meet the needs of a variety of individuals. The safety and security of all who attend is vital in providing a quality educational environment for all students. The purpose of the following Policy and Rules of Conduct is to clearly state our expectations of student's behavior and consequences for violations of the rules.

Students are entitled to fair treatment and recognition of their rights and privileges. In return, students are expected to pursue a suitable course of study, comply with the rules and follow the lawful authority of the school staff. The mutual aim of the school staff and students should be to create a sense of community where everyone is respectful of the rights of others and all may develop to their fullest potential. Students will earn recognition based upon their behavioral and academic performance.

All forms of harassment, abuse, insubordination, bullying, inappropriate language, stealing, illegal substance abuse, or violence among or by students whether by action, spoken words, written words, pictures, sounds, or other form of communication will not be tolerated and are subject to discipline.

In grades 9-12, Transition Skills are also an area of focus. IEP teams decide which content areas will be focused on and to what extent. Social Emotional Learning is promoted in all classrooms throughout the school day. Social Emotional Learning includes developing skills in the following areas: self awareness, self management, relationship skills, responsible decision-making, and ability to identify one's emotions to thoughts and feelings in relation to behavior exhibited. When students have demonstrated an increase in skills, IEP teams discuss transition opportunities. Students returning to home school districts is the ultimate goal. Students are earning diplomas from member districts. IEP teams will address required coursework specific to each student.

Credit recovery applies to courses that students have received a failing grade. The IEP team will determine an independent learning plan for repairing a failing grade; which may include but is not limited to attending summer school, or after school hours.

Passing Classes: successful completion of course requirements

Incomplete Classes: the grade will be incomplete if a student has been absent and has not had enough time to make up the coursework that was missed (one day for every missed day plus one; i.e. absent 2 days would allow for 3 days to make up the work). Coursework not completed within timelines will result in a zero for the identified assignments.

Failed Classes: failing a class results in credit recovery. The IEP team will discuss options for earning credit recovery.

"Walking through graduation ceremony from member districts" is based on individual district policies. The IEP team will meet to review the requirement, monitor the progress on the set requirements, and determine if the requirements have been met.

### **Suspension and Expulsion**

**In-School Suspension:** Students who are on in-school suspension may not leave the building and will be under the supervision of staff at all times.

**Out of School Suspension:** Whenever a student is placed on Out of School Suspension status, the student must remain off school grounds. A re-entry meeting is scheduled to review the incident, school expectations, and plan moving forward. The parent/guardian, student, case manager, and administrator (or administrative designee) will be present. Home district administration will be invited.

**Automatic Expulsion:** There are certain rule violations, which mandate automatic and immediate expulsion from the Beacon Program. Pursuant to Minnesota Law, a student who brings a firearm, as defined by federal law to school will be expelled for at least one year. The school board may modify this requirement on a case-by-case basis.

This does not necessarily exclude a student from attending the Beacon Program who has been expelled from any other school district.

**Tobacco Free Grounds:** Beacon Program located in the Sauk Centre School, is a tobacco free school district. This means that the use of any tobacco product or imitation will not be allowed by anyone on any school grounds. This includes the parking lot. Individuals violating the tobacco policy will be subject to disciplinary action. Refer to Tobacco Policy for additional information.

**Transportation:** Students riding district transportation are subject to local district policies. If student loses bus privileges they are still obligated to attend school. Students who ride the bus/van to school must ride the bus/van home from school. Students are not allowed to use district transportation services other than that provided by their own home district.

School bus safety expectations pertain to all transportation provided by school districts; including cars,

vans, school buses, or other school vehicles. As per Minnesota Statute Sec. 4 (123.7991) School Bus Safety Training, all students K-10 and new students must be provided Bus Safety Training and demonstrate knowledge and understanding of at least the following competencies and concepts;

1. Transportation by school bus is a privilege not a right
2. District policies for student conduct and school bus safety
3. Appropriate conduct while on bus

5. Procedures for safe vehicle lane crossing; and
6. School bus evacuation and other emergency procedures.

**Visitors:** All visitors, including parents/guardians and former students, need to stop in the Sauk Centre office, sign in and get a visitor's' pass.
