Student Handbook 2026-2027
West Central Education District
805 E Hwy 55 Paynesville, MN 56362
Phone: 320-243-9663**

WCED Mission Statement: To maximize every student's educational experience by providing high quality services to students, families and member districts.

Introduction

The SAIL Transition Program is designed for students with disabilities receiving special education services, ages 18-22, who have transition needs in post-secondary education and training, employment, and independent living skills. Students qualify for transition support through the Individualized Education Program (subsequently referred to as an "IEP") planning process while they are in high school. Placement in the SAIL Transition Program is determined on an individual basis and according to the student's specific transition needs. Students who are eligible have not received their diploma from their resident district. Students of the SAIL Transition Program are considered to be a part of West Central Education District (WCED) and must follow district policies and district-wide expectations.

The goal of the SAIL Transition Program is to prepare students to achieve independence, to support them in securing competitive integrated employment (if appropriate), and to assist them in becoming fully participating members of their community. The SAIL Transition Program provides a supportive learning environment in which students continue to develop their skills and explore a variety of opportunities to find their passion and have a positive plan for their future.

Enrollment Process

Enrollment at the SAIL Program is determined by the student's IEP team prior to their senior year of high school .

Accidents

All accidents must be reported to staff if injuries occur in the classroom, the school building, or school grounds. If the student requires immediate medical attention, administration or designee will call 911 or seek emergency medical treatment and then contact parents/guardians. All incidents will be documented in the student cumulative file. The school does not provide accident insurance plans for students.

Annual Notifications

West Central Education District provides annual notifications to families as required by Minnesota and federal law. These notifications are available on the WCED website and include information regarding:

- Homeless Student Rights (McKinney-Vento Act)
- Lead in School Drinking Water
- Postsecondary Enrollment Options (PSEO)
- Protection of Pupil Rights Amendment (PPRA)
- Asbestos Management Plan

Families are encouraged to review these notices annually. Copies may also be requested from the West Central Education District office.

Attendance

The SAIL Transition Program strongly believes that regular school attendance directly impacts student success and goal achievement. Consistent school attendance helps students with developing responsibility and self-discipline. For these reasons, student absence from the program should be limited to those instances in which it is unavoidable. The program may request medical verification for excessive absences. Students, parents or guardians, and the program share an obligation to ensure the student's continuous attendance.

Please make every effort to schedule personal appointments outside of the school day. Some appointments are deemed an educational experience for students, so please check with program staff to see if your appointment meets requirements to regularly schedule during your school day. If students leave school at any time without signing out and informing program staff, the absence will be considered unexcused.

A student will be considered absent when the student is missing from the program for any day or part of the day for reasons outside of the student's regular programming schedule. When absences from the program become habitual, a letter requesting medical verification will be sent home. From that point on, all additional absences will require medical verification to be considered excused. If frequent absences become a concern, an IEP meeting will be held to discuss the alternatives for meeting the IEP goals due to the excessive absences.

Pursuant to Minnesota Statutes Section 120A.37, any student who is absent for 15 consecutive school days will be withdrawn from enrollment. To re-enroll, the student, their parent/guardian, a representative from the resident school district, and West Central Education District staff must participate in a re-enrollment meeting to determine next steps and review attendance expectations.

Absence Procedures

When a student is going to be absent from school, the parent/guardian will

- Notify district transportation
- Call the attendance line prior to 8:00am 320-256-6139

When possible, SAIL students are encouraged to make the call about their absence as a means of promoting independence and responsibility. Parents/Guardians are encouraged to confirm that they are aware of the absence.

Communication

The West Central Education District uses the Remind messaging system to notify parents/guardians of school closings, late starts, early dismissals, and other important updates.

In addition to Remind, the district will communicate via phone and email regarding academic progress, behavioral

concerns, special education services, and other student-related matters.

Credits, Graduation and Diplomas

All students enrolled in the SAIL Transition Program have a documented disability and have qualified for special education services through their resident school district. Although they have met the credit requirements for a high school diploma, their IEP team has determined that additional instruction in transition skills is necessary. Placement in the SAIL Transition Program is decided by the IEP team, which includes representatives from the resident district. All decisions regarding program completion and graduation are made by this team.

Goals will be identified through a checklist of transition skills and the IEP team will discuss criteria for determining completion of the program based on the student's needs and future goals. The student's resident district will issue the diploma upon completion of the SAIL Transition Program.

The SAIL Transition Program does not report grades as all progress is reported through the IEP progress report and transition checklists of skill attainment. Students receive progress reports 2 times a year at the end of each trimester and discussed at the annual IEP meeting.

Graduation and Diploma

The SAIL Program hosts a Completion Ceremony each spring to recognize students who have met their transition goals. During the ceremony, students receive a Completion Certificate from the SAIL Program. High school diplomas are issued by the student's home district in accordance with that district's policies and procedures.

Crisis Behavior Awareness

In the event that a student is expressing or displaying suicidal, homicidal, or terrorist intentions/suggestions, the following may occur depending on the severity of the action.

- notification of parent while other actions are being taken,
- assessment of risk by West Central Education District staff,
- police notification, and/or
- notification of county social services

If a student displays behaviors that are an immediate threat to themselves or others, staff will use de-escalation techniques in which they have received training to minimize trauma and injury which may include the use of a restrictive procedure to ensure the safety of all students and staff. Additional information can be found in the Restrictive Procedure Plan, available by contacting the West Central Education District Office.

Suicide Prevention Information

Suicide and Crisis LifeLine: **988**

Crisis Text line: **741741**

Four County Crisis Response Team: **320-253-5555 or 1-800-635-8008**

Daily Schedule

The school building will be open from 7:45 AM to 2:45 PM on all days that school is in session. One day per week may be designated as a Hybrid Learning Day. On these days, students will either attend on-site or participate remotely via Google Meet, depending on their assignment. Students attending in person will receive individual and small group skill instruction, while those working from home will be assigned tasks to demonstrate generalization of previously taught skills. Student schedules may be adjusted to accommodate paid or unpaid employment, job training through outside agencies, or enrollment in college-level courses.

Dress Code

Student appearance and/or dress needs to be supportive to the learning environment.

Clothing (shirts, hats, or other) that contain profanity or slogans which are degrading to any group (including gang related images), or which promote alcohol or other drugs, will not be tolerated. Grooming or dress that prevents a student from doing his/her best work because of blocked vision, restricted movement, or clothing which exposes them or any other students to danger is not acceptable.

- clothing needs to provide full coverage and show no undergarments
- blankets are not allowed
- winter coats must be stored in lockers

Students who violate any of the above listed guidelines will be required to change into clothing that meets the guidelines. Students will remain in the office until they make the appropriate change. Further consequences may result based on how the student accepts responsibility. Repeat violations will result in additional consequences; including notifying parents/guardians.

Electronic Devices

Both personal devices and school issued procedures and guidelines are outlined below.

The SAIL program incorporates instruction on appropriate workplace use of personal technology, including cell phones, smartwatches, earbuds, and similar devices. To support a focused learning and work environment, cell phones and other personal electronic devices must be turned off or kept out of use during instructional or work time, unless pre-approved by the instructor or workplace supervisor.

Students may check their phones or make phone calls only during designated break or lunch times.

If a student uses an electronic device inappropriately:

- A verbal warning will be given after the first incident.
- Continued misuse may result in the device being confiscated until the end of the day.
- Parents/guardians will be notified if the behavior persists.

Chromebooks, Internet, and Email

The SAIL Program is a Google School. While enrolled, students will be issued a West Central Education District email account to communicate regarding school expectations; such as but not limited to, announcements, school assignments, and teacher/student feedback. Stickers or student markings are not allowed on school issued devices and/or cases. Students are responsible for appropriate behavior on the school computer network. **The chromebook is intended for participation in school; not for personal use.** Communication on the network is often public in nature. General rules for behavior and communication apply. Gaming and listening to music needs staff approval. Access to the network is a privilege, not a right. Student chromebooks are monitored for appropriate use; inappropriate use will result in a consequence such as but not limited to a warning, closing the site, loss of technology access. Upon graduation or leaving the program, the gmail account will be disabled.

The following uses of email and internet are not permitted:

- sending/displaying offensive messages or pictures
- obscene language
- harassing/insulting others
- damaging computers/computer systems/computer networks
- violating copyright laws
- using another's password
- trespassing in another's folders/work/files
- intentionally wasting limited resources
- accessing social media

Damaged, lost, or stolen items are subject to a fee paid for by the student/family. Specific cost amounts will be listed on annual permission/agreement form parents/guardians complete.

Emergency Contacts

It is required that all students have completed registration paperwork, which includes emergency contact. Any changes to this information are the responsibility of the parent/guardian or student and must be communicated to the office.

Emergency Procedures

This is an abridged version of the West Central Education District's policy 806 Crisis Management Policy. The full version of applicable policies are available on the school website.

West Central Education District has developed a "Crisis Management" plan. Each school building has its own building-specific crisis management plan. The plan addresses a range of potential situations and includes procedures for securing buildings, classroom evacuation, campus evaluation, sheltering and communication procedures. The school district will conduct fire and tornado drills pursuant to Minnesota Statutes 299F.29.

Employment Background Checks

The school district will seek criminal history background checks for all applicants who receive an offer of employment with the school district. The school district also will seek criminal history background checks for all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether compensation is paid. These positions include, but are not limited to, all athletic coaches, extracurricular academic coaches, assistants, and advisors. The school district may elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.

Fees

Materials that are part of the basic educational program are provided with state, federal, and local funds at no charge to a student. Students are expected to provide their own pencils, pens, paper, erasers, notebooks, and other personal items. Occasionally there may be activities and/or projects that go beyond the basic educational program, such as field trips, where a small fee will be requested.

Food

Breakfast and lunch is offered through the Paynesville Area School District. There is no cost for student breakfast and lunch for the 2026-2027 school year. Additionally, students may opt to bring a lunch from home; there is a microwave and fridge available for student use.

Students need to receive permission from staff to have food/beverages during class.

At no time during school hours will students be allowed to order or have food delivered to the school. This includes parents/guardians delivering restaurant food to students.

Guardianship and Educational Decision-Making

Students who are 18 years of age or older and have not been determined by a court to be in need of a legal guardian retain all educational rights afforded to adult students under state and federal law. These students are responsible for making their own educational decisions, including but not limited to:

- Participating in and providing consent for Individualized Education Program (IEP) meetings and services;
- Signing educational documents and permission forms;
- Verifying and reporting absences;
- Providing consent for the release of educational records when required;
- Requesting enrollment changes; and
- Withdrawing from school or educational programming.

When a court has appointed a legal guardian and granted that guardian authority to make educational decisions, the guardian assumes those rights and responsibilities. Families must provide the school district with current court documentation establishing guardianship and the scope of the guardian's authority. The district will rely on the most current legal documentation on file when determining who has authority to make educational decisions on behalf of a student.

Students who are subject to guardianship are encouraged to actively participate in educational planning and decision-making to the greatest extent appropriate.

Health and Nursing Services

The SAIL Transition Program does not have on-site nursing staff but a licensed school nurse is available if needed on a consulting basis.

Medication

Nonprescription/over-the-counter (OTC) medications: The school will not provide OTC medications. A secondary student (grades 7-12) may possess and use non prescription pain relief in a manner consistent with the labeling, if the school district has received written authorization from the student's parent/guardian and physician orders permitting the student to self-administer the medication.

Prescription medications: The administration of prescription medication at school requires a completed signed request from the student's parent/guardian. A "Prescription Medication Administration" form must be completed annually and/or when a change in prescription or requirements for administration occurs. The Prescription Medication Administration form requires a physician's signature and dosing instructions. Prescription medication must come to school in the original container labeled for the student by a pharmacist in accordance with the law, and must be administered in a manner consistent with the instructions on the label. Prescription medications are not to be carried by the student, but will be kept in a locked location. Exceptions to this requirement are: prescription asthma medications self-administered with an inhaler, and medications administered as noted in a written agreement between the school and the parents or as specified in an individual health plan.

Immunization Records

All students must provide proof of immunization or submit appropriate documentation exempting them from such immunizations. Students may be exempted from the immunization requirement when the immunization of the student is contraindicated for medical reasons, laboratory confirmation of adequate immunity exists; or due to the conscientiously held beliefs of the parent/guardian or student. The school district will maintain a file containing the immunization records for each student in attendance at the school district for at least 5 years after the student reaches age 18. West Central Education District will request immunization records from the member school district upon student enrollment.

Leaving Campus

West Central Education District programs are closed campus programs. The SAIL Program campus is inclusive of the job sites students are assigned to throughout the school year. Students are not permitted to leave campus during the school day without prior approval. Permission must be obtained by checking in and out through the office.

If a student leaves without parent/guardian permission, their parent/guardian will be notified, and disciplinary action will be determined by the school administrator. If a parent/guardian cannot be reached, law enforcement may be contacted.

Students who leave without permission may not return to campus until the following school day unless accompanied in person by a parent or guardian.

Lockers

School lockers and/or cubby space are the property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school authorities for any reason at any time, without notice, without student consent, and without a search warrant. The personal possessions of students within a school locker may be searched only when school authorities have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school authorities must provide notice of the search to students whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials. Minn. Stat. §121A.72

Non-Discrimination

It is the policy of the West Central Education District not to discriminate on the basis of race, color, creed, religion, national origin, age, marital status, disability, sex (including sexual orientation and gender identity) and status with regard to public assistance or in its educational programs or employment policies as required by Titles VI and VII of the Civil Rights Act of 1964, the Equal Pay Act of 1973, Title IX (1972 Education Amendments), and Section 504 of the Rehabilitation Act of 1973. The District will identify, evaluate and provide an appropriate public education to learners who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973. Inquiries regarding compliance with Title IX, Section 504, or the Americans with Disabilities Act should be directed to the respective Director of the West Central Education District, 9 2nd ST So W Melrose, MN or to the office for Civil Rights, U.S. Department of Education, Washington, DC.

Parent Right to Know

If a parent requests it, the school district will provide information regarding the professional qualifications of his/her child's classroom teachers, including, at a minimum, the following:

1. whether the teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. whether the teacher is teaching under emergency or other provisional licensing status through which state qualification or licensing criteria have been waived;
3. whether the teacher is teaching in the field of discipline of the certification of the teacher;
4. whether the student is provided services by paraprofessionals and, if so, their qualifications.

In addition, the school district will provide parents with information as to the level of achievement of their child in each of the state academic assessments. The school district will provide notice to parents if their child has been assigned to, or taught for four or more consecutive weeks by, a teacher who does not meet applicable State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

Photo Release

The West Central Education District may take photos or videos of students during school-related activities and events. These images may be used for educational, informational, or promotional purposes, including but not limited to:

- The district website
- Social media accounts
- Campus displays
- Local newspapers or other media outlets

Student names will not be used in any public materials. Permission is obtained upon student enrollment. A parent or guardian may change their permission at any time by contacting the office.

Pledge Of Allegiance

In accordance with state law, the Pledge of Allegiance will be recited weekly. Participation is voluntary; students who choose not to participate are expected to remain respectful during the pledge. Likewise, all students must respect the rights of others to either participate or abstain.

Searches and School Safety

The West Central Education District SAIL Program is committed to maintaining a safe, respectful, and drug-free learning environment. To ensure the safety and well-being of all students and staff, school officials may conduct searches on campus when there is reasonable suspicion of a violation of school rules or the law.

Search Authority and Procedures

In accordance with state law and district policy, school officials may search student property, lockers, desks, vehicles on school property, and other areas within the school setting. These searches may include, but are not limited to, inspections of:

- Student lockers
- Desks

- Backpacks and personal items
- Vehicles parked on school grounds
- The student's person (when justified by reasonable suspicion)

Searches will be conducted based on reasonable suspicion and will be appropriate in scope and intrusiveness. When necessary, law enforcement will be contacted, and legal officials may become involved.

Contraband

Students violate school policy when they possess contraband on their person, in their personal possessions, or store such items in desks, lockers, or vehicles on school property. "Contraband" includes any unauthorized item prohibited by school district policy or law. If a search yields contraband, the item(s) will be confiscated by school officials and may be turned over to law enforcement for appropriate legal disposition. Students found in violation of this policy are subject to disciplinary action in accordance with the school district's Student Discipline Policy, which may include suspension, exclusion, expulsion, and legal referral.

Use of Detection Dogs

To take a proactive and preventative stance on the presence of prohibited items, trained detection dogs may be used to conduct random searches throughout the school year. These searches are scheduled in collaboration with law enforcement and do not require prior notice.

Lockers and Desks

Lockers and desks are the property of the school district and are provided for student use. At no time does the district relinquish its exclusive control over them.

- Lockers: May be inspected at any time, without notice, student consent, or a search warrant.
- Personal items within lockers: May be searched when there is reasonable suspicion of a violation. Students will be notified of such searches as soon as reasonably possible, unless doing so would impede an ongoing investigation.
- Desks: May be inspected at any time, without notice, student consent, or a search warrant.

Vehicles on School Property

Routine patrols and exterior inspections of vehicles in student parking areas may be conducted without notice or consent.

- The interior of a student's vehicle may be searched with reasonable suspicion that a violation has occurred. This includes the glove compartment and trunk.
- Refusal to unlock or grant access to a vehicle may result in disciplinary action and loss of parking privileges.

Personal Searches

A student's person and personal possessions may be searched when school officials have reasonable suspicion that the search will reveal evidence of a violation of law or school policy. All searches will be conducted respectfully and appropriately based on the circumstances.

Student Conduct, Behavior Expectations, and Disciplinary Actions

This is an abridged version of the West Central Education District's policies related to student conduct and discipline. The full version of applicable policies are available on the school website.

The West Central Education District SAIL Program is committed to providing a respectful, safe, and secure learning environment where all students can thrive academically and socially. Bullying, harassment, violence, hazing, and other behaviors that interfere with learning, safety, or the rights of others are prohibited. Students are expected to demonstrate responsible behavior, academic honesty, respect for others, and compliance with school rules and applicable laws. Violations may result in disciplinary action in accordance with district policies.

Malicious and sadistic conduct involving race, color, creed, national origin, sex, age, marital status, status with regard to public assistance, disability, religion, sexual harassment, and sexual orientation and gender identity as

defined in Minnesota Statutes, chapter 363A is prohibited. This prohibition applies to students, independent contractors, teachers, administrators, and other school personnel.

For detailed information, please refer to:

- WCED Policy 506 – Student Discipline
- WCED Policy 514 – Bullying Prohibition
- WCED Policy 413 – Harassment and Violence
- WCED Policy 526 – Hazing Prohibition

Expectations for Behavior

Students are expected to:

- Attend regularly and engage actively in learning.
- Respect the rights of peers, staff, and visitors.
- Follow school rules, staff directives, and all applicable laws.
- Maintain a school environment free of violence, harassment, and illegal or harmful substances.

Students are encouraged to demonstrate self-respect, self-regulation, and positive citizenship. Disciplinary efforts will focus on positive interventions and restorative practices whenever possible.

Student Rights and Responsibilities

Rights:

- Freedom of expression within appropriate boundaries.
- Safety and protection from threats or harassment.
- Fair treatment and due process in disciplinary matters.

Responsibilities:

- Respect the learning environment and all individuals within it.
- Follow school rules and procedures.
- Cooperate with staff and peers to maintain a positive atmosphere.

Behavior Violations

Behavior that undermines the educational environment, threatens safety, or disrupts school operations will result in disciplinary action. Violations include, but are not limited to:

- Insubordination, harassment, bullying, or physical aggression.
- Use or possession of illegal substances, tobacco, weapons, or imitation items.
- Vandalism, theft, or other violations against property or persons.
- Repeated classroom disruptions or refusal to comply with staff requests.

Consequences will be progressive and may include conferences, detention, loss of privileges, removal from class, suspension (in-school or out-of-school), and in severe cases, expulsion. School authorities retain the right to notify law enforcement as appropriate.

Removal from Class or School

Period of Time for Which a Student May Be Removed from Class

A teacher may initiate the removal of a student from class when the student's behavior disrupts instruction or interferes with learning, endangers themselves or others, or willfully violates school rules or policies. Brief removals of less than one class period may be utilized as a classroom management strategy. The Program Administrator or designee shall determine the length of any formal removal from class in consultation with the teacher. No removal from class shall exceed five (5) class periods for a violation of a rule of conduct, unless otherwise permitted by law.

When a student is removed from class, the student shall report to a location designated by the teacher or administrator. Designated locations may include the main office, Program Administrator's office, school social worker's office, or another supervised area determined appropriate for the student's needs.

Students will generally proceed independently to the designated location unless the teacher or administrator determines that an escort is necessary for safety, behavioral, or supervision reasons.

During the removal period, the student may be assigned academic work, regulation activities, restorative tasks, problem-solving activities, or other interventions intended to support the student's successful return to the learning environment.

The student shall remain under the supervision and authority of designated school staff while removed from class.

Procedures for Return of a Student to Class

The Program Administrator or designee shall determine the conditions for a student's return to class on a case-by-case basis. Factors considered may include the nature of the behavior, the student's readiness to return, and the impact on the learning environment.

Requirements for return may include, but are not limited to:

- Student conference with staff;
- Parent/guardian conference;
- Completion of restorative or problem-solving activities;
- Development or review of a behavior support plan; and/or
- Other interventions deemed appropriate by school administration.

Students removed for assaultive, threatening, or dangerous behavior may be required to satisfy additional re-entry conditions before returning to class.

Procedures for Notifying Students and Parents/Guardians

Students shall be informed of the behavior that resulted in disciplinary action and any expectations for returning to class.

For minor infractions resulting in removal of one class period or less, the classroom teacher shall notify the student's parent or guardian. For more significant disciplinary incidents, removals exceeding one class period, or incidents involving safety concerns, the Program Administrator or designee shall notify the parent or guardian.

Notification may occur through telephone contact, electronic communication, including Remind, written correspondence, or a parent conference. Documentation of disciplinary actions and parent communication shall be maintained in accordance with district procedures.

Students with Disabilities; Special Provisions

When a student with a disability is removed from class or otherwise disciplined, the student's case manager and Program Administrator shall review the circumstances to determine whether the behavior may be related to the student's disability or whether additional supports may be necessary.

Repeated removals, patterns of disciplinary incidents, or concerns regarding a student's educational needs may result in referral to the district's Child Find process, review of the student's Individualized Education Program (IEP), consideration of additional assessment, development or revision of a Behavior Intervention Plan (BIP), or convening of the IEP team.

Students suspected of having a disability who are not currently identified for special education services may be referred for evaluation in accordance with district Child Find procedures and applicable state and federal laws.

Procedures for Detecting and Addressing Chemical Abuse Problems

West Central Education District shall maintain a Chemical Health Team in accordance with Minnesota law.

Any staff member who has reason to believe a student may be using, possessing, distributing, or under the influence of alcohol or controlled substances while on school premises or participating in school activities shall report the concern to the school social worker or designated team member.

The Chemical Health Team shall review reports and determine appropriate next steps, which may include student interviews, parent/guardian contact, referral for a chemical health pre-assessment, referral to community resources, or other interventions designed to support student health and safety.

The district recognizes that disciplinary responses should be paired with non-exclusionary interventions designed to teach, restore, and support positive student behavior. Depending on the nature and severity of the behavior, interventions may include:

- Restorative conversations or restorative practices;
- Behavior contracting and problem-solving activities;
- School social work services;
- Mini-courses or targeted instruction addressing specific behavioral concerns;
- Schedule adjustments;
- School-wide social-emotional learning instruction;
- Restitution or restorative actions;
- Alternative programming or alternative schedules; and
- Other individualized interventions deemed appropriate by school staff.

The district shall seek to implement interventions that address the underlying causes of behavior while maintaining a safe and orderly learning environment.

For serious infractions, or when non-exclusionary discipline measures have been ineffective, the district may pursue detention and/or suspension.

- Lunch Detention: Students attend classes as scheduled;
- In-School Suspension (ISS): Students remain at school under staff supervision and complete coursework in a separate setting.
- Out-of-School Suspension (OSS): Students are temporarily removed from school. A re-entry meeting with school staff and family is required.

Certain behaviors, such as bringing a firearm to school, result in mandatory expulsion under state law. Other serious or repeated offenses may result in expulsion, subject to administrative and school board review.

Additional Notes

- Confiscated nuisance or illegal items may be retrieved by a parent/guardian. Students 18 or older may retrieve legal items if not using district transportation.
- Students are expected to cooperate in all investigations and will be informed of any violations and corresponding actions.
- Violations may affect extracurricular eligibility per MN State High School League rules.

Discipline Complaint Procedure (DCP)

Students, parents and other guardians, and school staff may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, or the implementation of the behavior and discipline policies are not being implemented appropriately or are being discriminately applied.

The process is initiated by submission of a complaint in writing to the West Central Education Director. The complaint must be submitted in writing and dated by the person making the complaint.

A Discipline Complaint form is on the District website, in the handbook appendix and is available in administration offices. The process is initiated by filling in the form and submitting the form to the West Central Education Director.

1. Upon receipt of the complaint, district representatives will investigate the complaint. The investigation

will commence within three school days of receipt of the complaint. The Director will direct the investigation. The District may use outside counsel as it sees fit. The Director may designate staff responsible for any aspect of the process.

2. Upon completion of the investigation, written determination will be provided to the complainant addressing each allegation. The determination will contain findings and conclusions, with appropriate application of the Minnesota Government Data Practices Act.
3. If the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, the Director will require a corrective action plan to correct a student's record and provide relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future.
4. Reprisals or retaliation against any person who asserts, alleges, or reports a complaint is prohibited. District administration will apply appropriate consequences for a person who engages in reprisal or retaliation.

Student Records

West Central Education District has the responsibility to give notice to parents of students currently in attendance of their rights regarding pupil records. Annual notification of rights will be provided to those enrolled at the West Central Education District SAIL Program. While enrolled at the SAIL Program, records of course completion, behavior reports, attendance, and any special education records will be maintained. Once a student is no longer enrolled, a transcript is sent to the home district, which maintains the student's permanent record. If a student received special education services, those records are also returned to the home district. The West Central Education District will maintain a summary of enrollment, transcript, and last IEP/ER when applicable. If you are seeking a copy of your official transcript, you need to contact your home district.

Student Surveys

Occasionally, the school district utilizes surveys to obtain student opinions and information about students. For complete information on the rights of parents/guardians and eligible students about conducting surveys, collection, and use of information for marketing purposes, and certain physical examinations, see West Central Education District Policy 520 Student Surveys.

Telehealth Space

West Central Education District provides a designated space for secondary students to access telehealth appointments for mental health care. To request access to the space, a student must:

- Provide a signed Release of Information to confirm the student is currently receiving mental health care.
- Request access to the space by contacting the school social worker.
- Space availability is on a first come first served basis.
- Students may utilize a school chromebook to access their telehealth appointment.
- In the event of behavioral or safety concerns, West Central Education District may determine, with input from the mental health provider, that the student is not able to access the telehealth space.

Tobacco Free Grounds

School district students and staff have the right to learn and work in an environment that is tobacco free. School policy is violated by any individual's use of tobacco, tobacco-related devices, or carrying or using activated electronic delivery devices in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Students may not possess any type of tobacco, tobacco-related devices, or electronic delivery devices in a public school, on school grounds, in any school-owned vehicles, or at any school events or activities. Any student who violates this policy is subject to school district discipline. Refer to Board Approved Policy 419: Tobacco-Free Environment for additional information.

Transportation

Students riding district transportation are subject to local district policies. If a student loses transportation privileges they are still obligated to attend school. Students who ride the bus/van to school must ride the bus/van home from school unless permission is communicated to the office by 9:00 AM from parent/guardian. Students are not allowed to use district transportation services other than that provided by their own home

district.

School bus safety expectations pertain to all transportation provided by school districts; including cars, vans, school buses, or other school vehicles. As per Minnesota Statute Sec. 4 (123.7991) School Bus Safety Training, all students K-10 and new students must be provided Bus Safety Training and demonstrate knowledge and understanding of at least the following competencies and concepts;

1. Transportation by school bus is a privilege not a right,
2. District policies for student conduct and school bus safety,
3. Appropriate conduct while on bus,
4. Procedures for safely boarding and leaving a school bus,
5. Procedures for safe vehicle lane crossing, and
6. School bus evacuation and other emergency procedures.

The transportation contract will be enforced until the parent/guardian provides written notification on the change.

Parking

Students who drive to school must park in the designated area. Responsible driving behavior is expected at all times when entering, exiting, and navigating the parking lot. All vehicles must be parked in an orderly manner. Parking on the street is not permitted.

Student drivers are required to follow Minnesota state laws and school guidelines regarding safe and respectful driving practices. Vehicles must not block other cars, encroach on snowbanks, or be parked in a manner that obstructs traffic or access.

Students who fail to park appropriately may face consequences, including but not limited to:

- A phone call to a parent/guardian
- A requirement to immediately move the vehicle into an appropriate space
- Notification of law enforcement if necessary

Repeated or serious violations may result in the loss of parking privileges.

Visitors:

All visitors, including parents/guardians and former students, need to sign in and receive a Visitors Pass.

Weather-Related Closures and Delays

The West Central Education District SAIL Program follows all weather-related decisions made by the Paynesville School District. If Paynesville announces a weather-related closure, late start, or early dismissal, the SAIL Program will follow the same schedule.

Transportation for students will be provided based on the weather-related decisions of each student's home district. If a student's home district cancels transportation due to weather, the student will not be expected to attend in person that day.

In the event that the Paynesville School District is not in session, weather-related decisions will be made by the West Central Education District Director.

All weather-related announcements will be communicated to families and staff via the Remind messaging system.

West Central Education District will utilize E-Learning Day instruction when appropriate. A copy of West Central Education District's E-Learning Plan can be found on the district website and in the appendix.
