

Hi everyone! Welcome to my page. I won't promise to update this on a regular basis, but I will try to put interesting information out here when I can.

Here is a little background about me:

I have a Bachelor of Science degree in Communication Disorders, and started my educational career as a Speech Clinician. I went back to school and got a Graduate License in both Early Childhood Special Education and Early Childhood Family Education. I have worked for the Sauk Centre School District, Freshwater Education District and the Runestone Education District. I have worked for West Central Education since July 1 of 2001.

My role in your child's education is to be their first teacher. I am called an Early Childhood Special Educator, ECSE teacher, Early Interventionist and Service Coordinator.

Please make sure you look at the other information found under the Early Intervention heading above.
