

Welcome to the ALC Support Services page. Support services provides social, emotional and physical well-being to students enrolled at the Area Learning Center. These needs are met through individual, group and classroom meetings. Family, School and Community connections are built through awareness of meetings, service learning opportunities and events in the communities served by the West Central Education District.

Support services strive to provide a safe, confidential (limits defined by law) space for students. Support services connects students with resources to assist them in meeting their academic, social/emotional and physical needs. Student support services monitors attendance for students. Check out the quick links on the right hand side for more information.

Prior to joining the Area Learning Center community, I have worked in a variety of settings including individual/family therapy, in-home skills counselor, independent skills trainer for individuals with disabilities, clinician for adults who have Serious and Persistent Mental Illness (SPMI). I am licensed by the MN Board of Social Work and MN Department of Education.
