

Hello! Thanks for checking out The Beacon Program! I have been the secondary teacher at The Beacon Program since 2015. I started my career at The Beacon Program way back in 2005, when I was the Program Assistant for two years. I spent the next 10 years working as a school social worker in various charter schools in the Minneapolis/St Paul area. I was so excited to come back to The Beacon Program as a teacher.

I hold a Bachelor of Arts degree in social work and a Master of Science in Special Education. I am licensed in the areas of Emotional Behavioral Disorders and School Social Work. When I'm not teaching, I enjoy cooking, reading, crafting and spending time with my family.
