

Hi! I've been the Mental Health Practitioner for The Beacon Program since 2015. I began my career with The Beacon Program for 4 years ago as a Program Assistant. Before starting at The Beacon Program, I worked in Residential Treatment for 8 years in the Minneapolis area. I graduated from Northern State University in Aberdeen, SD, with a BA in Human Services.

When I am not at The Beacon Program, I'm living life with my 7 year old daughter, Anika. We love to travel and be with friends and family.
